*Justice for citizens and kindness to guests*

EBI: Christians who disagree with the ‘Gang of 8’ bill for its injustice and unkindness to Americans. We offer biblical wisdom to shape and renew a healthy culture for both citizens and guests.

**Summary of S. 744 ‘Gang of Eight’ Immigration bill with Recommendations**

**‘Gang of Eight’ advances:**

**EBI recommends:**

*American generosity.*

American healing and renewal to sustain generosity.

*An influx of foreign labor.*

Hire 20 million unemployed Americans. E-verify.

*Influx of 12,000,000 citizens now  
and 30,000,000 over ten years.*

Slower and more gradual, sustainable immigration.

*The leverage of powerful lobbyists.  
Funding from NIF/Soros globalists.*

The view of 72% of all likely American voters, and approx. 80% of evangelicals (Pulse Research 2013)

*Ignore first principles; documents.*

Do justice to Scripture and our founding principles.

*Globalism and multiculturalism.*

Indigenous culture and sovereignty first. Assimilate. Teach American history, values and language.

*A larger welfare state.*

Citizens who are productive and prosperous are more generous to the most needy — the handicapped, elderly and those who cannot work.

*Could yield a political monopoly.*

Strengthen our two-party democracy and Republic.

*More massive legislation without  
long-term net cost projections.*

Do not spend or promise what we have not saved. Net costs over 30 years are in the trillions of dollars.

*Easing of asylum for foreigners.*

Less asylum and “sanctuary cities” for culturally incompatible values, sleeper cells, drugs and gangs.

*Border security later.*

Border security first to rebuild trust, law and safety.

“You cannot strengthen the weak by weakening the strong.” Pastor Wm. John H. Boetcker (b. 1873)
